3. The entire class, consisting of multiple Plaintiffs have been censored, bullied, monitored, free speech severed, accounts closed, tampered with, Plaintiff's harassed & persecuted, with the websites violating their civil rights, 1st Amendment rights, Political Rights, and conduction censorship. (Exhibits). These websites have destroyed "free speech" and the 1st Amendment, which is a Constitutional right. These companies are based inside the USA, therefore the Constitution, and the 1st Amendment apply.

4. Facebook, Twitter, and YouTube conspired to rig the election, targeted people for their political views, WikiLeaks, tweets from Julian Assange & WikiLeaks, as well as other sources. They started this in 2015, and as more documents were revealed, they started hacking, unmasking, and tampering with our accounts. As it has been admitted by Facebook, they engaged in a

series of advertisements against President Trump, and have been involved in an ongoing investigation for tampering with and rigging the site itself. They did this through our own personal accounts, and on the site itself. Facebook and Twitter, belittled, wrote up false narratives on the sites “report cards” of the channel subscribers, and gave them “time outs” strikes”, closed accounts, or other means of abuse simply for posting articles or stating personal opinions. This was intended to bully, belittle, harass, demean, and control a person’s right to support a political candidate. This is against the 1st Amendment of the Constitution, as well as NIED law for emotional distress. (See Petition & YouTube Channel for exhibits)

5. Facebook targeted people based on true postings of actual news, footage, videos and posts, and did discriminate and bully these website users in violation of federal and universal laws. The company of Facebook with a home base in California, is subject to all federal law & consequences when federal laws are violated. Facebook prevented WikiLeaks posting during the 2016 election
6. There can be no political agenda to target people & weaponized the internet but they are doing just that. USA does not have censorship, just the Constitution, & their actions violate the 1st Amendment, and huge discrimination. All of these websites are out of control, violating civil rights, federal laws, & using the sites to target individuals.
7. Twitter the website, based in California, violated Federal, tampered with election of 2016, and now is tampering with the election of 2018. Twitter has deleted accounts, including that of Milo Yiannopoulos, who suffered discrimination based on sexuality, political beliefs, and popularity. Twitter, Facebook and YouTube have tampered with this site’s popularity, and rights to access all parts of the internet. Twitter is deleting tweets that simply contain news, and they troll, invade, stalk, harass, cyberbully, cyberstalk, unmask, and hound particular accounts (Exhibits)
8. Twitter closes accounts that do not violate anything, or do anything wrong, over the Thanksgiving holiday, when the Plaintiff was not even on twitter,

she returned home to be locked out of 2 of my twitter accounts, citing violations, when she has never violated a law, an internet or cyber law of any kind. This is pure abuse & harassment & it has to cease. Twitter has weaponized themselves & now try to privately police people based on European law while operating in the USA. These violations have turned the internet into a political & criminally run enterprise, not free use for users.

9. Other very popular people and channels have been harassed and tampered with. Recently, In April 2017, YouTube shut down channels, based on true news. YouTube has not faced consequences for these actions, & they continue to be a vile, predatorial base, & they tamper with accounts, inventing strikes, and trying to shut down channels. They discriminate, and allow for porn, child porn, & sexual abuse, but sites that are Christian, Conservative, or against all of that, they launch personal staff to attack, stalk, unmask, and illegally enter into those accounts, even tampering with original content. They delete news they do not like, even when true, and prove a false narrative from Main Stream News, and they operate as a war zone against true news.

10. The Plaintiff's own YouTube channel

<https://www.youtube.com/user/Natasha78d> and the Plaintiff's own petition <https://www.change.org/p/class-action-lawsuit-against-multiple-websites-breach-of-contract-triple-damages-lead-defendant-youtube> contain several thousand exhibits, as well as emails, links, articles, other deleted channels, YouTube's own admissions, Facebook's admissions to Russian ads, & targeting conservatives, Twitter's reprehensible abuse of power, deleting the President's Twitter account, Roseanne Barr's twitter account, and many others, are the exhibits in this matter. There are over 7,000 exhibits.

11. The Class of Plaintiff's have suffered different levels from slight to severe NIED Negligent Infliction of Emotional Distress in violation of federal law, these distresses include depression, medication, high blood pressure, inability to function, hospitalization, etc. This is such an extreme abuse of website power that this documentation provides a window into how much abuse was bestowed upon victims in this case. (Exhibits) All sites are liable

from “garden variety” stress, which is inflicted and does not include doctors or medications, up to those that had to be treated for distress.

12. YouTube has offered advertiser revenue to channel subscribers, based on so many cents per view. YouTube does not disclose to “channel partners” how much they do in fact receive per advertisement, so channel subscribers are unaware how much they actually earn or are actually due. YouTube pays about .1 cent per add or \$10.00 per \$100,000 views, the Plaintiff was told. There is no way to verify, when you ask them directly, they refuse to answer (Exhibits). Through discovery, we will be able to obtain, actual figures of what was collected to what was paid. YouTube has not paid that money to lead Plaintiff, Natasha, & many others, in fact, going back as long as the channel has been started, YouTube has embezzled all of that revenue. To date, in 5 years, YouTube has paid a mere \$3,000+ dollars, and stolen the rest. Despite 2 years of investigation, massive emails, and tweets, and a petition, YouTube paid about 1% of channel revenue. The investigation statistics are amazing, revealing how many people actually are subscribed, how many comment, how many are posted, and how many they hide.

13. YouTube is subject to federal law, the Constitution, and Internet law, Civil Rights Law, 1st Amendment, and laws that force “fair” and lawful compensation due. They depended on vile mistreatment, and harassment to allow for this continued practice. When they got more channels of “truth” they increased their abusive theft and demonetized videos for no reason, no warning or notice, and left people, including myself, with 0 income. There are multiple law suits pending in other federal courts, and a private company is not allowed to discriminate or harass channels as they do. These are all violations based on operating business in good faith, and fair practices, which YouTube does not do.

14. CEO Susan Wojcicki has destroyed the site of YouTube, while paying herself \$300 Million or more a year, and engages in embezzlement of all of this revenue. She started a website herself on YouTube, and for other novice YouTube channel owners, and unfairly supports them and their leftist content, trying to make up for the Millions lost in advertiser revenue from those that she sought to destroy income for.

<https://www.change.org/p/class-action-lawsuit-against-multiple-websites-breach-of-contract-triple-damages-lead-defendant-youtube/u/22069862>

15. YouTube engaged in the 2016 election rigging, is attempting to rig the 2018 election, and has “deleted” videos on people’s sites. They did not violate any internet laws, were original content, and cannot be deleted, however they continue to disappear from the internet.

16. Patreon, owned and powered by Google appeared this past May, 2017, to be the option to receive money from viewers that support the channel, however, like YouTube, they have embezzled more than they pay out, and in a very short time it was so easy to see the embezzlement from that site. They unmask, stalk, delete and try to hide comments of the views they embezzle it all from, so whenever new content is posted, Patreon staff goes in and deletes comments from the embezzled subscribers, the minute they post comments, so that the channel owner does not see their comments, and realize that the commenter is not on their “patron” list.

They messed up a few times, and the Plaintiff saw the comments from unknown patrons, and the Plaintiff tried to resolve this embezzlement with Patreon. The insane responses only implicate them in theft, and embezzlement, and larceny, and they are liable for tampering with the Plaintiff’s account, underpayment of that account, and destruction of that account via embezzlement. In November 2017, the Plaintiff was forced to cease use of that site & create a blog, since Patreon was embezzling over 90% of the revenue & offering her only 10% or less. As the account grew, Patreon embezzled more, & even stalked her private messages, deleting those.

Blogspot.com, powered by Google, deleted the Plaintiff and her partner’s blogs that complied with all federal and civil laws, and merely were based on 1st Amendment Constitutional rights, personal opinion, and hard earned research that JM Talboo spent years researching. Over the 2017 Thanksgiving holiday, this blog, and this personal email were deleted from the internet, for no reason. They proceeded to delete his personal email

account as well. No one can do this, and these websites are stalkers and hackers.

17. Susan Wojcicki in fact uses her twitter account to display, resist, and violate our current President. While she can use her account to do what she wants under her own free speech, she represents “Google” and not herself, but her account is not attacked, hacked, deleted etc., only ours are. As a CEO, she should not be posting her own political views, and then violating anyone’s rights that does not share her views. She alleges she’s inclusive, but that translates to sexuality of transgender, not inclusive of anyone with their own minds. An engineer that was conservative was fired from Google for having his own mind.

18. Jack, the CEO of Twitter has also used his own twitter account to display satanic content, as well as his Instagram account, photos of him with some very satanic people are shown, and he violates women, harasses them, deletes followers, following, and generally sends out hatred to people that have different political views than he does via abusing his power & tampering with their accounts.

19. Mark Zuckerberg, used his web site to display his support of a political candidate, and to continue with a personal agenda of New World Order, not the Constitution. Mark Zuckerberg has sent out an apology, and is being sued, and investigated for his mishandling the website as CEO. This site is dangerous, not safe, and uses face recognition, also has access to your location, and operates like a spy site, vs anything to do with “social”. There is not any warning, nor protection for people that are not aware of the intention of this site, and its dangerous abuses of power on unsuspecting people that want to chit chat in their free time. Facebook is involved in fake posts, supporting fake news, and the creation of fake news, and parties that are behind those sites. They also use fear, and scare tactics to try to mess with people, something that is impossible to fathom, but we all saw it during the election. News stories that are not even true, and came from fake news, are passed all over the site and shared. True stories, backed up from credible sources, are censored and hidden.

20. A Petition was commenced while damages were minimal, and lead Plaintiff Natasha stood on her own. Others that were violated in life altering distressful ways, were connected to lead Plaintiff Natasha, and became a small group. A group that grows every day, there are now over 1500 that have signed. <https://www.change.org/p/youtube-twitter-facebook-harassment-abuse-to-users>

21. YouTube has ignored copyright infringement law, & fair use law, and used a channel that is has unlawfully taken a video, and picture that they did not have permission to do, instead of assuring that channels do not copyright (federal law and a crime) they have pushed copy right infringement into blackmail

22. YouTube rigs 100% real time analytics, they are all false, and do not reflect viewership, view counts, lengths of time people view the videos, or how many view new uploads. YouTube staff manually tampers with all analytics, and tries to hide popular videos and channels. ON the Plaintiff's channel, they hide millions of views, and many thousand subscribers. (Exhibits on the Plaintiff's YouTube Channel)

23. GoFundMe.com involved itself in tampering with & hiding the Plaintiff's account, & denying multiple donations. The Plaintiff's account was purposely derailed, & donors were given error signals & had to contact the Plaintiff. On Facebook, others were denied access to put donations through. The Go Fund Me account was closed, & only reopened due to this lawsuit, but they destroyed the momentum, & trust people had in that website. A website cannot disturb a campaign, & play games with trying to deter donations, abusing those in need, but they did, & they are liable for all of that stress they bestowed upon the Plaintiff.

24. The state attorney general, and the DOJ have been contacted, YouTube did not respond to the state AG complaint, despite multiple efforts made to get them to address the civil complaint. They think they are above the law.

25. YouTube, Twitter, and Facebook's refusal to abandon using these websites as political weapons, ignoring law, the Constitution, 1st Amendment rights, and within all Federal law guidelines, leaves them liable for every dollar of damage applicable under the law. Under separate cover, they have criminal accountability as well.

26. All websites 1 year after the 2016 election, continue to tamper in politics, erase true news, & tamper, hinder, & hide links to real data, & they intend to interfere in the 2018 and 2020 elections as they have been for the past year.

CAUSES OF ACTION

27. The Defendants jointly have causes of actions for each separate violation of law & each occurrence that they perpetrated abuse based on political agenda, & dislike for the Plaintiff & additional Plaintiff's. Privately owned companies cannot operate based on discrimination, harassment, civil rights violations, violations of the 1st Amendment, disparage reputations of people by illicit shutdowns, or lock outs of their accounts, hampering, tampering, deleting, embezzling, etc. Every US & Federal law, prohibits all that these websites & CEO's are engaging in, & they are 100% liable for their willful, deceitful, heinous, & despicable actions to innocent victims properly using the internet.

RELIEF

28. Relief should be granted based on the massive violations of all listed Federal laws, and the continued nonpayment of adequate advertisement revenue to channel owners on YouTube. The "class" or "consolidated" Plaintiff's seek money relative to their own losses, & violations of the Constitution, 1st Amendment rights of free speech, civil rights, right to fair use, NIED Negligent Infliction of Emotional Distress, Unmasking, Defamation, Censorship, Violations of Civil Rights Act, Election Rigging, Harassment, etc.

29. The group of Plaintiffs in this class action law suit, are seeking 1 Billion dollars in damages with subject to increase as more Plaintiffs are added to the class. The distribution of this total is based on unpaid revenue on YouTube, loss of

ability to have an account if it was due to closure & censorship, harassment, copyright infringement, Negligent Emotional Distress, on any of the 3 websites, and interest, any costs for the filing of this claim, court costs, expert witnesses, attorney's fees, & any other monies that the jury deems fair.

30. The consolidated or Class of Plaintiff's has been bullied, made fearful, silenced, & intimidated into proceeding in this complaint, & it has been the will of lead Plaintiff, Natasha DeLima to commence this legal action, allow for time of others to gather themselves & put forward their complaints. Plaintiffs are based all over the USA, & other countries, & will be filing their complaints if they have been able to get on board at this time.

31. If the Plaintiff's choose not to pursue claims, or appear as witnesses only, that will be seen as time goes on, the Plaintiff has an urgency to put forth this complaint & subsequence Cease & Desist order, in order to utilize her own rights to operate on the internet, without harassment.
